

BIOGRACE

Harmonised Calculations of
Biofuel Greenhouse Gas Emissions in Europe

Harmonised calculation of biofuel greenhouse gas emission in Europe

Public workshop

26 May 2011, Athens

Public workshop
May 26th, 2011

Sustainability criteria in biofuel legislation implementing the Renewable Energy Directive

Chair Dr. Theotokis Pafelias, EXERGIA S.A. (Greece)

9:30 Opening and welcome

Dr. Theotokis Pafelias, EXERGIA S.A. (Greece)

Practical implementation of biofuels sustainability criteria in the EU

Konstantinos Georgakopoulos, EXERGIA S.A. (Greece)

Practical implementation of sustainability criteria in Greece

Athanasios Zacharopoulos, Ministry of Environment, Energy and Climate Change

Myrsini Christou, Center for Renewable Energy Sources and Saving (Greece)

Practical implementation of sustainability criteria in Bulgaria

Mariya Minova, "Energy efficiency and environmental protection" Directorate, Ministry of Economy, Energy and Tourism (Bulgaria)

Promoting the use of biofuels and bioliquids in Romania - the legal framework

Dinu Georgica, Ministry of Economy, Commerce and Business Environment (Romania)

11:10 Coffee break

Public workshop
May 26th, 2011

Harmonisation of biofuel GHG calculations – the BioGrace greenhouse gas emission calculation tools

Chair Dr. Theotokis Pafelias, EXERGIA S.A. (Greece)

11:30

Introduction to the project BioGrace on harmonisation of biofuel GHG calculations

Konstantinos Georgakopoulos, EXERGIA S.A. (Greece)

National GHG calculators – harmonised in co-operation with BioGrace

Eva Kallivoka, EXERGIA S.A. (Greece)

The BioGrace Excel greenhouse gas calculation tool – basics

Yolanda Lechón Pérez, Research Centre for Energy, Environment and Technology (Spain)

The BioGrace Excel greenhouse gas calculation tool – other parts

Yolanda Lechón Pérez, Research Centre for Energy, Environment and Technology (Spain)

13:30**Lunch break**

Public workshop
May 26th, 2011

Practical calculation session (optional)

Yolanda Lechón Pérez

Research Centre for Energy, Environment and Technology (Spain)

14:30

RED-compliant calculation of actual GHG values --three example pathways

Yolanda Lechón Pérez, Research Centre for Energy, Environment and Technology (Spain)

- Questions and answers on the BioGrace Excel GHG tool
- Live demonstrations of how changes can be made

15:30

Workshop closure

Public workshop
May 26th, 2011

Thank you for your attention

Please fill in the questionnaire
All presentation will also be available on our website
